| ENGL-121      | College Composition I: Expository Writing | 3                |                    |       | 2            |
| PSYC-101      | General Psychology                        | 3                |                    |       | 2            |
| BIOL-107*     | Fundamentals of Microbiology              | 4                |                    |       | Prerequisite |
| BIOL-203*     | Anatomy and Physiology I                  | 4                |                    |       | Prerequisite |
| BIOL-204*     | Anatomy and Physiology II                 | 4                |                    |       | 1            |
| MATH-105**    | Drug Calculations                         | 1                |                    |       | Prerequisite |
| HMDV-200      | Life Span Development                     | 3                |                    |       | 1            |
|               |   |                  |                    |       |              |

**REQUIRED COURSES RELATED TO MAJOR**

| Course Number              | Required Course  | Credits Required | Completed (H or T) | Grade | Planning |
|----------------------------|--|------------------|--------------------|-------|----------|
| NURS-130<br>or<br>NURS-131 | Fundamentals of Nursing<br>or<br>Fundamentals of Nursing for Experienced Health Care Providers | 4<br>3           |                    |       | 1        |
| NURS-132                   | Nursing Care of Patients with Common Health Problems   | 4                |                    |       | 1        |
| NURS-133                   | Nursing Care of Patients with Complex Health Problems I  | 4                |                    |       | 2        |
| NURS-134                   | Family-Centered Nursing I  | 4                |                    |       | 2        |
| NURS-140                   | Concepts and Trends in Practical Nursing   | 5                |                    |       | Summer   |

- Admission to the Nursing Program is based upon successful completion of required courses. BIOL-107 and BIOL-203 must be completed with a minimum 2.25 GPA.
- A grade of "C" or better is required in all math, science and nursing courses.
- \*Anatomy and Physiology courses must be completed within five (5) years of beginning the first nursing course. If course work exceeds the five year limit, a student may either take a competency exam(s) to demonstrate proficiency or repeat the course(s). BIOL-107 must be completed within ten (10) years of beginning the first nursing course.
- \*\*Students planning to apply for entry into the A.A. Degree Nursing Program should consider taking MATH-121, 131 or higher in place of MATH-105, if eligible.
