\*Video/Multimedia Design students should take CMSY 129, Principles of the Internet, for their Interdisciplinary Core course early in their course of study.

\*\* When possible, students should follow the requirements of the "track" they are interested in pursuing; however, if the course is not offered or the student has a strong preference for a course from another "track" a course substitution may be given. Students should be advised that the course being substituted for may still be required from the transfer school. Students in this program must meet with an advisor regularly and maintain current information regarding the policies of the institutions to which they intend to transfer.
