

Howard Community College

ITB: Mt Airy Cable Installation

Bid Number: 12-013

ITB Opening Date: March 5, 2012

Addendum 1

The College has discovered an error in the cable specification for the bid document. The College does not want CAT 6A in this building. The building will require Cat 6 plenum – AMP/TE: green cable - TE part number 5-1933047-3; and blue cable - TE part number 5-1933047-6. This corrected specification shall replace the incorrect CAT 6A cable references in the bid document.

Issued on February 17, 2012.
