

T.A.P. into your Academic Future!

Student Support Services

Transfer Access Program (T.A.P.)

The Transfer Access Program (T.A.P.) provides participants with early, intensive, comprehensive transfer counseling, increased academic support services, tutoring, advisement, career counseling, college tours, and workshops. Participants are selected for this component in two ways: program students identify an interest in transferring on the intake or during a session w/ their counselor and have completed 12 college credits; or they self-identify by completing a survey sent to SSS students.

For More Info Contact: 443-518-1300
