Type of Incident	Date/Time Reported	Location of Incident	Reporting Officer
Disturbance	3/1/06 8:15am	ILB Bldg. Exterior	C. Lawson

Summary

Security received a call in reference to a disturbance on the roadway outside of the ILB. Upon arrival Security observed two individuals engaged in a verbal argument. The one individual was identified as the driver of the shuttle service. The other was a student who is also employed in Plant Operations. There was a third individual, the mail carrier, who was attempting to remove the student from the scene. As Security approached the two men, Security heard the student saying "I don't give a ****" and using other profanity. The student got onto the Gator (Green cart) and left the area. The shuttle driver returned to the shuttle bus. He related that he was proceeding eastbound on the driveway approaching the drop-off in front of the ILB. He stated that he observed the Gator parked in the middle of the driveway blocking his passage. He observed the student in the wooded area between the ILB and Parking Lot "A". The student was picking up trash. The shuttle driver asked the student to move the Gator so he could proceed to the drop-off area at the ILB. The shuttle driver stated that the student told him that he could make it past the Gator. He could not negotiate past the Gator. At this point, a staff member exited her seat, leaned over the driver and advised the student that she was going to report him to Plant Operations. She further states that the student became belligerent and volatile and told her that she was unprofessional. She states that the student proceeded to the passenger side of the bus and it is her opinion that he wanted to get on the bus to confront her. The shuttle driver would not open the door. The student returned to the driver's side and continued to argue with the driver. Eventually, the staff member and several others exited the bus and walked to the ILB. As she was walking away, she noticed that the driver had exited the bus and talking with the student.. She states that the shuttle driver conducted himself very professionally and tried to diffuse the situation

Another staff member was also a witness to the incident. She states that she was walking towards the ILB and observed the two men arguing. She states that she heard profanity being used. When she observed the driver exit the bus, she called Security.

Another staff member also witnessed the altercation. She states that the shuttle driver was polite in his conversation with the student.. The student refused to move the Gator. She states that when the other staff member advised the student that she was going to report him to Plant Operations he became very irate.

Another staff member also witnessed the incident. She states that she observed the shuttle driver exit his vehicle and confront the Plant Operations employee. She states that both

individuals were using a profanity during the confrontation.

Another staff member also witnessed the incident. She advises that she was walking between Parking Lot "A" and the ILB when she observed the shuttle bus and the Gator parked on the driveway blocking traffic. She observed both men outside their vehicles engaged in a heated argument. When she observed both men taking off their jackets, she called Security. She observed a staff member run over to the individuals and try and calm them down. She states that the staff member tried to get the student to leave the area. She advised that the student was the instigator/aggressor. She states that he was using the harshest language and he was the one the staff member had to get in front of to keep him from fighting. She further states that the student kept getting out of his vehicle to exchange harsh words when he had the opportunity to just drive away.

Security interviewed the student on 3-2-06. He states that he stopped to get trash. He feels he left enough room for vehicles to get by. He states that he told the shuttle driver to continue past him. He states that he felt threatened by the facial expressions and tone of the shuttle driver. He further stated that after the lady threatened to report him to Plant Operations, he moved his vehicle.

In conclusion, the evidence of the witnesses points toward the student as the prime culprit in this incident. There is one witness who heard profanity coming from the shuttle driver. The incident could have been avoided had the student simply moved his vehicle out of the way of the shuttle bus. Conversely, the shuttle driver should have remained on the bus, not getting off and further escalating the argument.

Security spoke with the supervisor of the student. He advised that he has requested counseling and a letter of apology from the student addressed to all individuals involved. The supervisor has arranged for the student to receive counseling for Anger Management and conflict in the work place.

Type of Incident	Date/Time Reported	Location of Incident	Reporting Officer
Illness	3/2/06 10:30am	ILB 239	W. Johnston

Summary

Security was dispatched to ILB Room 239 in reference to a sick student. Upon arrival Security found a student lying on the floor of room 239. She was being comforted by the staff of the office. The student was complaining of stomach discomfort and difficulty breathing. One of the staff called the Nursing Division and a faculty member responded to the scene. The faculty member assessed the student and advised that 911 should be called. Howard County Fire and Rescue Paramedic Unit 95 responded. The paramedic checked her vital signs, then prepared her for transport to Howard County General Hospital. The student's parents were notified by the staff of the division office.
