CALCULATE YOUR HCC BILL

How to Calculate your HCC bill.

Your tuition is based on the amount of credits you are enrolled in (example: ENGL 121 = 3 credits). If you live in Howard County as an HCPSS student, you are following the in county tuition rates.

To calculate your amount due:

- find the number of credits you're enrolled in
- divide the amount associated with your credits by 2, to represent the 50% tuition discount
- that number will provide you with your tuition cost
- add your consolidated fees associated with your credit load
- the tuition is the only cost that is discounted.

Students are responsible for the full cost of all applicable fees and charges (Consolidated Fees, Courses Fees, and First Day Charges) HCPSS based courses only pay tuition and consolidated fees.

*FARMs students are eligible for additional financial support.
