

## **E-1 End: Workforce Focus Key Performance Indicator Report**

**Background:** This report addresses the board end, Workforce Focus. HCC aligns its strategic planning operations with the performance excellence criteria developed by the Baldrige Performance Excellence Program. Monitoring measures were selected by the board in 2003. The measures include the required Maryland Higher Education Commission (MHEC) indicators. The dashboard was introduced as a vehicle to summarize the information in 2005.

Green ■ – signals that HCC is operating above the benchmark, yellow ■ – indicates performance is at the benchmark, and red ■ – shows that the operating level is still below the benchmark. Detail pages follow the dashboard. Any updates are indicated in **blue**. Information concerning benchmarks is in **purple**.

At its May 18, 2016, meeting, the trustees reset and approved the five-year benchmarks for the most recent list of required Maryland Higher Education Commission (MHEC) indicators. For non-MHEC indicators, the trustees also approved the targets, as needed. Hence, a number of the dashboard indicators are red.

Once reviewed by the board, this report will be posted on the college's website so that members of the college community can become familiar with the measures that are part of the key performance indicator (board end) system. The website address is: <http://www.howardcc.edu/about-us/leadership/board-of-trustees/key-performance-indicators/>

The administration and relevant staff review the details of all the reports that contribute to these measures. Plans for improvement are developed and included in appropriate core work and/or strategic planning for the next integrated strategic planning and budget development cycles.

**Purpose:** Report on the progress of the institution

**Timeline:** Annual

## Key Performance Indicator Report

These are two measures mandated by the Maryland Higher Education Commission (MHEC). Peer colleges (*based on campus enrollment*) are the College of Southern Maryland, Harford Community College, and Frederick Community College.

To comply with U.S. Department of Education requirements, HCC collects and reports the race and ethnicity of students, faculty, and staff in its categories. The revised MHEC definition uses the citizenship and ethnicity status of students, faculty, and staff *in addition* to their race to calculate minority and non-minority groups.

<i>First HCC must remove from this calculation anyone who indicated they were "foreign/non-resident alien or unknown." Next, if anyone in the remaining cohort indicates they are Hispanic/Latino, they are automatically considered "minority." For the group that remains, minorities are considered any person whose race/ethnicity is not "white only."</i>

**Action:** HCC receives a detailed feedback report in late fall delineating strengths and weaknesses in each category. The president's team reviews the opportunities for improvement and charges process improvement teams to pursue those initiatives. An HCC team created and submitted a Baldrige application in **May 2019. HCC hosted a site visit in September 2019 and was chosen to receive the Malcolm Baldrige Performance Excellence Award. The award will be given to the college in March**

**2020 at the Quest for Excellence Conference hosted by the National Institute of Standards and Technology.**

**Benchmark:** When the benchmark was originally set, institutions receiving an overall score of 450 or more received site visits. In April 2009, the board accepted the administration's recommendation to increase the benchmark: **HCC will receive a 50-65 percent rating for category number 5 of the performance excellence criteria by 2019. HCC surpassed that benchmark.**

### **Internal Measures**

*Employee satisfaction* is an original board of trustees' indicator.

HCC's most valuable resource is its employees; therefore, the college takes steps to assure a productive, competent, up-to-date, and competitively compensated workforce. Several measures demonstrate this commitment.

- The college will monitor information about market rates every year and will propose salary scale changes to the board every two years, if needed. A major study will take place at eight-year intervals.
- Currently employed staff are given the systematic opportunity to rate their job satisfaction, college climate, and the various college services on an annual basis.

**Benchmark: All employee groups will evaluate their job satisfaction and college climate at the 4.0 (out of 5.0) or above level.**

### **Employee Satisfaction Survey Results**

The QUEST (QUality Evaluation of Service Trends) survey ratings shown below are on a five-point agreement scale, with 5.0 being the highest and 1.0 the lowest. **This year's overall job satisfaction rating exceeds the 4.0 benchmark set by the board.**

**Description of the Indicator:** The QUEST survey is now administered every year to all HCC employees in the fall semester (including contracted workers in food services and public safety). Ratings are given on a five-point satisfaction scale, ranging from "Strongly Agree" (5.0) to "Strongly Disagree" (1.0). The ratings on this chart show the mean rating on job satisfaction for each budgeted employee group. In fall 2017, credit adjunct faculty were added (fall 2019 rating: 4.13). In fall 2019, noncredit faculty and hourly employees with more than one year of service were included (fall 2019 rating: 4.33 and 4.16, respectively).

**Benchmark:** As set by the board, the overall rating for employee satisfaction will be 4.0 for all groups.

**Performance Outcome:** For fall 2019, the benchmark was exceeded for all employee groups.

**Data Source:** Data is from HCC's annual QUEST survey administered and analyzed by the planning, research, and organizational development (PROD) office.

### Campus Climate Trends

Adjunct faculty were invited to participate in the QUEST for the first time in fall 2017 so there are three years of data. The item receiving the highest rating from the adjunct faculty was “*I am engaged in my work at HCC*” (4.63); the lowest rating was “*I have input into the budget development process*” (1.86).

The entire college community has access to a full report for the QUEST survey results. There are also many tables presenting different ways to look at the data for potential action, including a table listing the ratings of all campus services.

The internal measures for the professional development of HCC’s workforce will be presented to the board as part of the **February 2020 Workforce Snapshot**.
