* Total and permanent disability is the condition of an individual who is unable to work and earn money because of an injury or illness that is expected to continue indefinitely or result in death. 34 CFR 682.200(b)

* If the borrower requests a new loan during the post-discharge monitoring period or the conditional discharge period, they must also resume payment on the old loan before receipt of the new loan. If the loan on which the borrower must resume payment was in default when it was discharged or conditionally discharged, it remains in default upon reinstatement, and the student must make satisfactory repayment arrangements before receiving the new loan, in addition to meeting the other requirements described.
