

PUT THE RIGHT FOCUS ON PLANNING YOUR CAREER.

FOCUS-2 is a self-guided online career assessment tool that helps you discover your interests, personality preferences, values, skills, and favorite leisure activities and match them with occupations and academic majors. You can also research over 1,200 careers, create an online career portfolio, and keep track of careers and majors that appeal to you for future consideration. You can work at your own pace or receive additional help from a career services staff member.

Register and create an account

Visit <https://www.FocusCareer2.com/Portal/Register.cfm?SID=1171>

Your Access Code = dragon

Status = HCC student (number of credits to date); community member, etc.

Your Username: choose a username (e.g., your e-mail, first and last name)

Your Password: choose a password you will easily remember

Revisit FOCUS-2 anytime

Revisit <https://www.FocusCareer2.com/Portal/Login.cfm?SID=1171>

any time and enter your username and password to continue to use FOCUS-2, anytime, anywhere.

Learn something about yourself

Complete all items under "Self-Assessment." Once you have completed this section, view a list of occupations that match your personal characteristics and identify those of interest to you.

Research any career

In the "Explore the Possibilities" section, search over 1,200 occupations by name or industry. Most importantly, within this section, be sure to explore the "What Can I do with a major in...?" section.

Connect yourself to resources

Check out additional career resources, including Handshake and Career Coach.
